Dunia Travel

WHO WE ARE

Depart Travel Services is a licensed Tunisian Destination Management Company based in Djerba, in the deep south of the country. We design and operate journeys across the whole of Tunisia — from the Roman cities of the north to the dunes of the Grand Erg Oriental and the Berber *ksour* of the Dahar mountains.

We run our own insured vehicle fleet, work with ONTT-certified national tour leaders, and provide 24/7 in-country support. Our team works fluently in **French and English**, and **French-speaking guides are available as standard** — not as an exception. Whether the brief is a private FIT itinerary, a couple's romantic escape, or a fully tailor-made commission, every booking is handled directly by the people on the ground who will make it happen.

We are an experiential, sustainable and offbeat specialist: characterful local stays, genuine community contact, real food, and soft adventure away from the coach circuit.

WHY DEPART TRAVEL — FOR DUNIA TRAVEL

Roobens, Dunia Travel is built on tailor-made, immersive journeys for travellers who want to connect with a place and its people — not tick a list. You already send around 30 travellers a year to Tunisia through two DMCs, but you are looking for a local partner whose proposition actually matches yours:

sustainable, experiential and offbeat. That is exactly the corner of the market we have built our DMC around, and we would like to be that better-aligned partner — to complement, and over time replace, the partners who are not pulling in your direction.

- **The same values, on the ground.** ~95% locally-owned accommodation, ~90% locally-owned meals, fair direct payment to artisans and hosts, and ABTA-aligned animal welfare. Sustainability is built in, not bolted on for the brochure.
- **A genuinely French-speaking team and French-speaking guides.** Your couples and young retirees travel in their own language, with hosts and leaders who can carry a real conversation — a decisive difference for the immersive, local-contact trips your clients buy.
- **Tailored for your traveller mix.** Romantic desert nights under the stars and private *dar* stays for your **couples in their early 30s**; comfortable pacing, soft adventure and cultural depth for your **young retirees (~65)**; flexible family-friendly routing and hands-on experiences for **families**.
- **Offbeat over obvious.** Dahar *ksour*, Chenini and Douiret, the mountain oases of Tamerza and Midès, troglodyte stays and wild Sahara bivouacs — immersive and soft-adventure, not the package coast.
- **Direct and responsive.** Booking handled by the people who operate it, 24/7 in-country support, and a costed reply within 72 hours.

WHY TUNISIA FOR YOUR TRAVELLERS

Tunisia is one of the Mediterranean's most under-sold immersive destinations — and a near-perfect fit for the Dunia client. In a single compact, easy-to-reach country your travellers move from UNESCO Roman cities and whitewashed Andalusian villages to Berber mountain *ksour*, palm oases and the open Sahara, with warm, welcoming hosts at every stop.

For **couples**, there is real romance: a night under the stars in a desert camp, candlelit dinners in heritage *dars*, and the blue-and-white lanes of Sidi Bou Saïd. For **young retirees**, the pacing is gentle and the cultural reward is high — museums, oases, artisans and unhurried days. For **families**, the mix of camels, troglodyte houses, pottery workshops and beaches keeps every age engaged. Add short flight times from France, French widely spoken, and excellent value, and Tunisia becomes an easy expansion of your African tailor-made offering.
