WHO WE ARE

Depart Travel Services is a licensed Tunisian Destination Management Company (DMC), based in Djerba, specialising in tailor-made and small-group cultural journeys across Tunisia.

We operate our **own insured vehicle fleet**, employ **ONTT-certified, English-speaking national tour leaders**, and have deep on-the-ground expertise across Tunisia's classical north, its Berber and Saharan south, and the living heritage of Djerba. We handle everything in-country — guiding, transport, accommodation, site logistics and 24/7 operational support — so that your clients' experience is seamless from arrival to departure.

Founded by people who love Tunisia. Our team has been running cultural journeys across this country for years, working with European tour operators and building relationships with the boutique hotels, Berber hosts, desert camp owners and local artisans who make a Tunisia trip genuinely memorable. We are not a booking desk — we are specialists.

WHY TUNISIA — AND WHY NOW

Tunisia delivers exactly what the adventure-travel customer wants: **world-class Roman heritage without the crowds, an authentic Berber south, a genuine Sahara night, and living Jewish-Berber island culture** — all in a compact, short-transfer loop, just 2.5–3 hours from the UK.

- **Roman heritage without the queues.** Dougga, El Jem, Sbeitla, Carthage — on a par with anything in Italy or Jordan, with a fraction of the crowd pressure.
- **The Sahara.** A camel ride into the Grand Erg Oriental and a night under the stars near Douz — one of the most memorable experiences in North Africa.
- **Berber culture.** Troglodyte villages at Matmata and Tamazret, the hilltop *ksar* of Chenini, overnight in a restored troglodyte house — authentic, unhurried, genuinely local.
- **Djerba.** The living Jewish-Berber heritage of El Ghriba, Houmt Souk, Guellala pottery, Djerbahood street art — a cultural island unlike anywhere else in the Mediterranean.

- **Practical.** Tunis in and out, compatible with UK/Europe scheduled services. Short internal transfers. Visa-free for most markets. Best in spring and autumn.
