TUNISIA — PRODUCT CATALOGUE FOR EXODUS ADVENTURE TRAVELS

Prepared & presented by Depart Travel Services — Destination Management Company, Tunisia

Date: June 2026

Prepared for: Exodus Adventure Travels — Product & Contracting team

Depart Travel Services is a licensed Tunisian DMC (based in Djerba) specialising in tailor-made and small-group cultural journeys, with our own insured vehicle fleet and ONTT-certified, English-speaking guides. This catalogue presents Tunisia products built specifically around Exodus's customer, grading systems and responsible-travel commitments — ready to publish.

Why Tunisia — and why now

Exodus currently sells **no standalone Tunisia trip** (Tunisia appears only as one port within a multi-country small-ship cruise). Yet Tunisia delivers exactly what the Exodus customer wants — **world-class Roman heritage without the crowds, an authentic Berber south, a genuine Sahara night, and living Jewish-Berber island culture** — in a compact, short-transfer loop, just 2.5–3h from the UK. It sits naturally between your Morocco and Jordan ranges on price and pacing. **This catalogue is designed to fill that gap.**

Every product below is mapped to your own systems — **Activity Level (1–7), Comfort Level (Simple/Classic/Superior/Premium)**, land-only twin-share pricing, **no compulsory single supplement**, and an estimated **CO₂e per person per night** — and is backed by an evidenced responsible-travel, guiding and safety pack (see final section).

2.5 RESPONSIBLE TRAVEL — Thriving Nature, Thriving People

Designed to align with Exodus's B Corp values and its two pillars. Indicative metrics below are Depart Travel commitments for this product, ready to be measured and reported in your format.

Thriving People (local benefit):

- ~95% of accommodation locally owned (boutique *dars*, oasis & island guesthouses, Berber *ksar*, local desert camp)
- ~90% of included meals at locally-owned restaurants and family kitchens
- Direct, fair payment to artisans and hosts: Matmata Berber family home, Guellala potters, Djerba weavers, Berber musicians at the camp — arranged with consent and cultural respect
- Spend retained in-country: Tunisian-owned suppliers, local guides and drivers throughout

Thriving Nature (lower impact):

- Small groups to limit site pressure; uncrowded, off-peak sites reduce over-tourism load
- Desert camp: solar lighting, strict water-use limits, pack-in/pack-out waste policy
- Reusable water refills on board (no single-use plastic bottles)
- Support for UNESCO site preservation via official entrance fees; seasonal local-produce menus
- Indicative **CO₂e per person per night** provided; happy to validate via Exodus's **eCollective** methodology and flag for the **Lower Carbon Collection**

Animal welfare: fully aligned with **ABTA Animal Welfare Guidelines** — no captive-wild-animal interactions or performances. Camel encounters are welfare-compliant: well-kept working animals, limited ride duration, shade and water, no overloading; the camel ride is always optional.

2.6 PRICING STRUCTURE — NET RATES BY GROUP SIZE

ILLUSTRATIVE FIGURES (EUR). The amounts below are a realistic working model to show how the grid behaves by group size. They are **not a contracted quote** — final net rates will be confirmed at contracting against live supplier costs and the agreed accommodation list.

Why the price falls as the group grows: the trip's **fixed costs** (tour leader, vehicle + driver, 4x4 day, desert-camp logistics) are the same whatever the group size, so they are spread across more travellers.

The **variable costs** (accommodation, meals, entrance fees, camp activity) stay broadly constant per person.

Net land cost — per person, twin share (12 days / 11 nights)

Group size (paying pax)	Net land cost p.p. (twin share)	Single supplement
2 pax (private)	€3,595	€420
3–4 pax	€2,760	€420
5–6 pax	€2,095	€420
7–9 pax	€1,810	€420
10–12 pax	€1,595	€420
13–16 pax	€1,480	€420

Quoted at the lower bound of each tier (worst case for cost coverage). Shoulder season (Mar–May / Oct–Nov). Net to Exodus, before Exodus margin and international air.

Indicative cost build-up (per departure)

Fixed costs (per group, ~€5,000):

- Tour leader — 12 days (fee, accommodation, meals, per diem)
- Private A/C vehicle + driver — 12 days (incl. fuel, highway parking)
- 4x4 excursion day (Day 5) + desert access (Day 6)
- Desert camp / Sabria logistics & coordination

Variable costs (per person, ~€1,095 twin share):

- Accommodation — 11 nights, boutique/heritage, B&B
- Included meals (welcome dinner, camp dinner, farewell dinner, touring-day lunches)
- All listed entrance fees (Bardo, Carthage, Dougga, Sbeitla, El Jem, Kairouan, Sousse, El Ghriba, museums)
- Camel ride / desert-camp activity; bottled-water refills

Pricing rules & terms

- **Free-place ratio:** 1 free tour-leader place per 15 paying pax (to be agreed).
- **Seasonal bands:** shoulder (Mar–May / Oct–Nov) as above; low season approx. –10%; not operated Jun–Aug (desert heat).
- **Private / tailor-made:** the 2-pax line is the private-departure rate; bespoke versions quoted on a separate grid.
- **Excludes:** international flights, insurance, visa (where applicable), tips, optional activities, and any meals/drinks not listed.
- **Child / triple / FIT policies,** validity dates, payment terms, cancellation/amendment policy and allotment release periods to be specified in the contract.

Net rates — Highlights of Tunisia (8-day variant)

ILLUSTRATIVE FIGURES (EUR). Same modelling basis as above. The 8-day product has no Sahara-camp night and shorter leader/vehicle days, so both fixed and variable costs are lower.

Group size (paying pax)	Net land cost p.p. (twin share)	Single supplement
2 pax (private)	€2,330	€265
3–4 pax	€1,790	€265
5–6 pax	€1,355	€265
7–9 pax	€1,170	€265
10–12 pax	€1,030	€265
13–16 pax	€955	€265

Quoted at the lower bound of each tier. Shoulder season (Mar–May / Oct–Nov); low season approx. –10%. Net to Exodus, before Exodus margin and international air. 7 nights boutique/heritage B&B; included meals: welcome dinner, two touring-day lunches, farewell dinner; all listed entrance fees and the 4x4 excursion. Same free-place ratio (1 per 15) and terms as the 12-day product.

2.7 GUIDING, SAFETY & CREDENTIALS — WHY DEPART TRAVEL

Tour-leader quality is the single most praised — and most complained-about — element of any small-group operator. It is our headline commitment.

Guiding (the heart of the product):

- **ONTT-certified, officially-licensed, English-speaking national tour leaders**, present arrival-to-departure, supported by accredited local site guides at major monuments
- Expert, narrative-driven storytelling — history brought alive, not recited
- **Named guide bios + CVs supplied before contracting**; Exodus may **interview/meet the proposed guide(s)** (in person or by video call) before final confirmation
- Consistency safeguards: a small, vetted core team and a documented briefing standard per itinerary, so the experience does not vary departure-to-departure

Transport & fleet:

- **Own insured vehicle fleet**; modern A/C minibuses/coaches; vetted 4x4s for the desert and mountain oases; **ONTT-approved, licensed, insured drivers**

Health, safety & crisis support:

- Activities operated to local legal standards; **annual route & supplier risk assessments**
- **24/7 in-country assistance** and a local emergency-response protocol; coordination with Exodus's medical/repatriation teams

- Vetted accommodation and restaurants (hygiene, capacity, consistency); backup properties identified per location

Ethics & compliance:

- Willing to **sign Exodus's human-rights / ethical-procurement commitment** (UN Guiding Principles, ILO Declaration) as a condition of partnership
- Animal-welfare aligned (ABTA guidelines); local-benefit metrics reported in your format

Desert camp: confirmed permanent-camp partner meeting H&S and sustainability standards — and **soon to be a camp fully owned and operated by Depart Travel**, giving Exodus direct quality control over the Sahara night.

About Depart Travel Services: a Djerba-based Tunisian DMC specialising in tailor-made and small-group journeys, with deep expertise across both the classical north and the Berber/Sahara south, an own insured fleet, and 24/7 operational support.
